THE THIRD ICCMR 2008 represents a major worldwide event that brings together an international network of researchers, practitioners and industry from around the globe in the area of complementary medicine.

THE CONGRESS will give participants the opportunity to hear the latest results of leading researchers from 30 countries representing a wide range of different therapies and study designs. In addition to research data, new ideas on mechanisms, clinical effectiveness, benefit-risk relations, strategies, ethical issues and methodological approaches will be discussed in plenary lectures.

A THREE DAY ICCMR 2008 AIMS TO

1. To bring together the world CAM experts to this meeting
2. To enhance the status of evidence based practice in CAM
3. To discuss concepts, methodologies and strategies appropriate to CAM research
4. To evaluate the effects, self regulation and safety of CAM
5. To discuss the role of CAM in disease prevention and chronic illness care
6. To be a part of 3 year rotation meetings between N America, Europe & Asia Pacific
